

SUPERCOOLER

Outdoor insulated box
SPV-IB

Essential for car camping

Product Introduction

The Supercooler SPV-IB Series vacuum insulated cooler boxes feature Vacuum Insulation Panels identical to those used in refrigerators on the bottom and all four sides, delivering superior thermal insulation performance. The flat top design can also be used as a simple table, while the long-lasting cooling capability enhances your outdoor experience.

Product Features

Outdoor activities such as camping and BBQ

Leisure activities such as fishing and swimming

Travel activities, including long-distance driving and trips

GUARD WITH EVERY DEGREE TRUST ON EVERY MILES

Outdoor Gear

Vehicle-mounted Insulation

Fresh Food

Customized solution

1

Insight into needs

Deep Diagnosis

Through professional consultation, gain precise insights into the core pain points of customers in terms of insulation efficiency, cost, specifications, and other aspects

2

Customized solution

Technical Customization

Based on customer needs and our process capabilities, our technical team provides customized solutions

3

Sample confirmation

Sample verification

Communicate with the client and confirm the details of the plan, provide samples for physical functional verification

4

Solution optimization

Precise optimization

Based on the feedback from sample testing, iterate and optimize the plan to ensure a complete match with the application scenario

5

Bulk supply

Mass production delivery

After the final confirmation of the plan, standardized mass production will be initiated to ensure stable and efficient supply
